

Microsoft Technical Trainer - Azure & Office 365 Kansas City-Based

Do you love technology and find joy in helping others learn? Join a talented team of instructors at Centriq Training!

Description:

We are seeking an experienced Microsoft Technical Trainer or Microsoft Certified Trainer (MCT) to deliver Azure and Office 365 Administration courses within our Corporate Training Division. This position will be based out of our Kansas City office.

Our corporate students are adult learners in professional classroom environments. Class deliveries are open-enrollment/public or private dedicated courses for specific clients at their site. Students may be in-classroom or virtual, thus trainer candidates should be experienced with delivering highly-interactive courses through in-person and web-based platforms.

This trainer will primarily deliver the following Microsoft authorized courses:

- Office 365 – Enabling and Managing, Administration and Troubleshooting, Compliance and Threat Detection.
- Azure Administration – Deployment, Integration, Security, Design, DevOps

Depending upon the specific experience of the selected candidate, additional courses and topics may be delivered, such as:

- Microsoft 365 Administration - Windows 10, Security, SharePoint and Teams, Messaging
- Windows Server Administration
- CompTIA Certification (Security+, Network+, etc.)

Required Expertise:

- At least 8 years of IT Infrastructure experience in professional corporate environments, including cloud migration experience.
 - At least 3 years experience administering Azure.
 - At least 3 years experience administering Office 365.
- At least 1 year of experience delivering technology training to adult learners in a professional classroom environment.

Preferred Education and Certifications:

- Computer Science Training or Degree
- Microsoft Certified Trainer (MCT) or CompTIA Technical Trainer (CTT+) certification
- Microsoft MCSA or MCSE for infrastructure technologies
- Office 365 certification
- Azure certification

Centriq will assist the right candidate with achieving these certifications if needed.

Additional Requirements:

- Highly professional and polished
- Excited to consistently learn new skills, tools, and technology, as well as stay current with constantly changing cloud technologies.
- Adaptive and flexible
- Ability to outline and develop customized curriculum and supplements
- Excellent communication skills, verbal and written
- Positive attitude, sense of humor and creativity
- Ability to work and make decisions with minimal supervision
- Individual contributor and team player
- Ability to travel for public deliveries from our Kansas City office and client site deliveries on an as-needed basis (approximately 25-35%)

The Perks & Benefits:

- Health
- Dental
- Vision
- Prescription Drug
- Flexible Spending Accounts
- Life Insurance
- 401(k)
- Dedicated prep weeks and work/life balance
- Company gatherings and social events
